Song Story

The Original Title of this song was "Don't Know What to Pray." It came from a prayer in my journal 13 days earlier when I was working on "Praising in the Rain." A "bad day" shall we say?! Both songs centered around the realization that we humans are very self-centered when we say "I DON'T KNOW WHAT TO PRAY." The actual meaning is "What will help me, or help them," rather than focusing on our great God. When we don't know what to pray, it's simple: **Just praise and worship God** as Paul and Silas did in much pain in prison, Acts 16:25. Then trust God to take care of you, me, us who love Him (John 14 and John 15).
