Amazing Healer 'n' Hymns

First Peter 5: 5-10: "Therefore humble yourselves under the mighty hand of God, that He may exalt you in due time, **casting all your care upon Him, for He cares for you.** Be sober, be vigilant; because your adversary the devil walks about like a roaring lion, seeking whom he may devour. Resist him, steadfast in the faith, knowing that the same sufferings are experienced by your brotherhood in the world. But may the God of all grace, **who called us to His eternal glory by Christ Jesus, after you have suffered a while,** perfect, establish, strengthen, and settle *you.*" -NKJV

1

I am really really sick, LORD. Really, really tired. I'm  
really really wondering what's happening inside.

**INTERLUDE**

*Is this chemo that's so sick'ning killing cancer here in me?  
Is this chemo that's so sick'ning killing cancer here in me?*

Though this cancer has me sick, what I pray most is this: GOD,  
help me stand FAST, trust Your Word -- First Corinthians 15.

You declare this life on earth is just a short shadow of .....

.... **CHORUS:**

**ETERNAL LIFE WITH YOU IN HEAV'N for**

**ALL who name Jesus "LORD!" -- and I DO!**

Romans 10, Verse 9 is Your TRUE promise to ALL who repent of sins  
and ask Jesus to come within ---- John 14: 23.

(Thank You LORD..... *thank You LORD.....* Thank You LORD!)

**INTERLUDE** *Selah.... listen with God*

2

Just the thought of moving off this place really sickens me. And  
Just the smell, just the thought of food is nauseating.

*Is this chemo that's so sick'ning killing cancer here in me?  
Is this chemo that's so sick'ning killing cancer here in me?*

Though this cancer has me sick, what I pray most is this: GOD,  
help me fight these temptations that say to question God's Love.

In my brain fog, help me recall all Your promises of .....

**repeat CHORUS above**

**READING from First Peter 5: 5-10 (above)** *Selah.... listen with God.*

**Song Story.** The lyrics were written at the altar in about 15 minutes, in August 2013 and posted on the World Wide Web on my <http://dianadeesongstories.blogspot.com> blog a few days later. Although I'd been thinking about the song for almost 3 months, suddenly -- again at the altar -- on 12 November, I decided that I wanted to immediately finish this song. And, because I'm not really 'talented' (as explained in many song stories, including for THIRD OF DESPAIR AND HOPE), I did what is not just habit but requirement before I'm able to write a song: I humbly asked God. With apologies for the rush as I asked Him for the music to record at my Studio 1 pre-scheduled session that same night.

**The almost 10 instrument music** were written and recorded in 3 hours. I had returned to my home studio, tried a few melody lines. Uggh. So I went to the Garage-band (studio program) LOOPS Library to try a few to see if I'd get any ideas. The **\*\*VERY FIRST LOOP\*\*** that I tried is the main jazzy theme music that runs through all these verses. The **\*SECOND\*** Loop I tried follows that one, with me just changing it key. The **\*3RD\*** Loop I tried -- and all of these are in different "families" of sound -- fit. With this foundation, I easily 'heard' ideas from the Holy Spirit for the 3 melody pieces.

**Background:** I'd been fighting sickness of another type for 3 years that also is 'invisible' and extremely exhausting at times... leading to some sad prayers and then apologies to God amid weariness. I've known many persons with cancer including Dad who died after a short bout with an aggressive one. But not until a friend began showing how she maintained trust in God and determination to not waste hours but still enjoy God's gifts through her sickening chemo period that it dawned on me... I've been praying 5 years for God to guide me to write songs to encourage people to trust His CARE (1st Peter 5:7 and simple logic when we feel well enough to remember all the evidences of God's love). But it never had dawned on me to pray for a Song Prayer to help cancer patients. 'Til Now.

Music was played right into my home studio program in 1 hour. **It took another hour to figure out chords to what I "just sat and played". All songs** on [DiDoReflections.com](http://DiDoReflections.com) / [DianaDeeOsborneSongs.com](http://DianaDeeOsborneSongs.com) **are by God's creativity, assuredly not my design!**
