## Song Story. (25 August 2013)

I awoke one morning with this simple melody in my head and sketched it out. Before leaving the keyboard, a harmony melody came to mind.

THEN a 2nd harmony... and from there I realized that God was answering my prayers for not only more LOGIC & HISTORY songs guided by Him, but also more Church Worship songs to praise Him TOGETHER.

With THANKS for His Promise in Romans 8: 26-- His Holy Spirit HELPS us pray....

**WHEN** we humbly asks Him.

**Not just as individuals, but together as God's Church Fellowship.  
How can we His church get too busy to deeply pray ?**
