Song Story. Lyrics written 5 years before the music: copyrighted and already on my website's FUTURE tab from the beginning, ESSENTIAL Truth. Before the choir arrived for practice on Oct 1st, I started plugging in chord ideas to the draft sheet I'd been praying to add music to. The music was basically completed in 15 minutes, except that the glimpse of AMAZING GRACE came the next day. In God's Eph 3: 20 empowering, HE enabled me to record song AND have it on website *2* days later. Yet..... **This story isn't about the music, but the WORDS:**

Think about a mom whose done all that she can to give gifts and joy to her child. Over & again she's both said and shown her love. Over & again she's forgiven hurts done to her. Yet the child just says “thanks” – maybe – and never telephones back, never wants to be with her. One day when she goes to him & they're walking along a sidewalk, she sees someone raise a gun. She throws her own body in front of her child, and dies while the adult child is uninjured. The child looks down and comments, “Well, it's a mother's job to protect her children.” And then.... walks away-- because a busy schedule calls.....

Is this not what we do so often to Abba Father God?

AND DEMONS LAUGH at His pain.

Re-read Matthew 23's end... you can hear TEARS in Jesus's voice as he speaks of people whom He loved so much... but they refused to come to Him & all the love and gifts He so much yearned to give to those who accept Him as LORD.

SATAN STILL LAUGHS when we sin & cause our loving God much pain....
