Song Story.

Written 3-1/2 years after I first drafted these basic lyrics, I'd set aside Journal 16 for awhile... The words were OK, but just did not seem to give God the Glory He deserves... Ephesians 3:21. During those three years I'd begun to research a lot of Biology & Astronomy evidences of how statistically IMPROBABLE were the BY-Chance designs of so very many things... especially how wasteful Evolution would be. Example:

INTERLUDE READING FOR VERSE 3

Look at one square acre of forest. Just one. Think of how many DIFFERENT NEST DESIGNS there are for birds, DIFFERENT SELF-DEFENSE protections for animal, different shades of GREEN there are..... **all** within **ONE** single square acre.

WHY? Absolutely no reason according to Evolution: Once a self-defense works, or a nest works, or a color shade works, there's NO REASON TO DEVELOP a different option..... Romans 1: All around us is Evidence of an ARTIST Creator God!
