T-1 Death will bring you Jer- e- mi- **ads:**
 T-2 Weep- ing that lasts for- ev-er..... [reading from Jeremiah 3]

READING of hope:

"In those days and in that time," says the LORD, "The children of Israel shall come, They and the children of Judah together; With continual weeping they shall come, And seek the LORD their God." - Jeremiah 50: 4 NKJV

Song Story.

The Lyrics:

The concept for this song began when God brought to mind an old van where the indicator light continually warned of something minor-- so we learned to ignored it... and one day missed the fact that it was ALSO warning that the alternator was dying.

A death that we completely ignored signs for.

The Music:

I was just playing with "weird" music effects in my studio program's library, and plugged in a hip hop beat "for fun." The Zanzibar chords are actually a single note each with a built-in effect to sound like strange chords. I just played "anything" and then liked the results. The organ sound was also a "play anything" fun time. I did change a few notes to match the Zanzibar chords..... but not many. This is yet another song truly inspired by God's Holy Spirit!
