Album: Amazing **Jesus 'n' Children**

REF: 34-175

PSALM 148: Let ALL created things Praise God who at a word Made them !

VERSE 1

Little stars rise from the grass as the Day's round sun has passed,
beyond sight, making night darkness reveal New Lights.
Little stars rising from grass -- Summer lightning bugs giving laughs and
delights seeing bugs that glow with lights ... shining outta their "below".

CHORUS

Romans One, all our gorgeous world shows our great God and Creator.
Hebrews 11, all the Universe Lights show our great God and Creator.
Lightning bugs and star lights show Power of God who loves YOU SO much!

VERSE 2

Little stars glow from great height, as day's sun slips out of sight,
sprinkling bright in the night, sprinkling white lights in black sky.
Little stars sending down light -- Summer, Winter, Fall and Spring nights give
delights made by God -- bugs that glow and stars shining in our days and nights.

CHORUS

VERSE 3

Little stars and lightning bugs, sometimes called God's fireflies,
are Special, God's delight, made to hold and share God's Light.
You are too: Each child is given inner Light as God's gifts.
Second Corinthians 3: 18. God will help you reflect Him.

CHORUS

=====

Song Story. Written in minutes... "Too fast to be ME", I wrote in my journal.... God's inspired words... on a weekend when many things were upsetting me. Then I thought of lightning bugs, of the humor of God deciding to put little yellowish green lights on a bug's butt. Almost no other creation of Nature has that specific design.... Another evidence that, even when we feel all alone in this world, God has given signs all around us to comfort the "little child" within us to see: **God is here with me. Designed me. CARES for me.**
