Song Story. Written in minutes... "Too fast to be ME", I wrote in my journal.... God's inspired words... on a weekend when many things were upsetting me. Then I thought of lightning bugs, of the humor of God deciding to put little yellowish green lights on a bug's butt. Almost no other creation of Nature has that specific design.... Just another evidence that, even when we feel all alone in this world, God has given signs all around us to comfort the "little child" within us to see: **God is here with me. Designed me. CARES for me.**
