Album: Amazing Psalms 'n' Promises

*“O taste and see that the LORD is good; blessed is the man who trusts in Him!
The LORD is near to those who have a broken heart,
and SAVES such as have a contrite spirit.” - Psalm 34: 17-18 NKJV*

1

I WILL bless the LORD at all time, His praise shall continually be in my mouth.
My soul shall boast in God's great love. Humble people shall hear of God's greatness and rejoice!

2

Come, magnify the LORD with me. And let's together exalt God's Holy Name.
When we seek God, He will hear us and deliver the humble from fears ---- Psalm 34!

3

Poor men cry out and God saves them if they humbly deeply revere Him.
God's angel camps all around those who fear God. O taste and see that the LORD is
Good! Blessed are all who trust the LORD God.
Give Him awe and fear -- Psalm 34. **God will bless all those who are humble.**

4

Those who humble themselves to God will have all their needs met by God.
God delivers all the contrite in their heart. God is near all of us with broken hearts.
God's eyes are on all those who obey. God hears humble cries ---- Psalm 34.
God will bless all those who are humble.

Read the full psalm.... Then optionally repeat Verse 1

Song Story. My story told elsewhere (see “About DianaDee” on website) describes the 25-item list of music-related prayers that I made while waiting for a band at the **ALIVE '06** music festival in Ohio, USA. This list, as I explain in more detail there, is my absolute evidence that all of these now-200+ songs are giftings from God's Creative Holy Spirit, and not some sort of special human skill I have....

Writing this list, I was running out of ideas (having already mentioned my klutziness learning guitar pedal boards and the bass slides I'm now great at, and etc) but the band still was not ready. So I added Number 20: “May as well be honest about dreams: *To serve You by writing songs that reach listeners and draw them to You (not me). Jazz style would be nice – we need that.*” I tried to write songs for several years, with dismal results. In fact, you can't call a quarter-dozen song pieces real “results.”

My point? This song is not my style, not my skill. I like jazz but don't have a natural talent for it, and wasn't surprised when my jazz-bass-and-drums-gifted studio guy Claxton wasn't discouraging but wasn't glowing about the draft of this song that I “just created” in my home studio on March 29th. But with prayers and Claxton's concept suggestions in mind, I really “changed up” the music and created the music sheet on March 31st, and recorded the song at Studio 2 on April 2nd, with polishing completion

on April 6th. **Nine days. It's God.** 😊
