dedicated to our Creator God, 17 Oct 2016
Album: Amazing **Creator 'n' Critters**
REF: 31-194

NO HOUSE BUILDS ITSELF:

“For this One has been counted worthy of more glory than Moses, inasmuch as He who built the house has more honor than the house.

For every house is built by someone, but He who built all things is God.”

-- Hebrews 3: 3-4

1

Skunks shows God's done Great and marvelous things!
Skunks show God's done Fun and humorous Creations!

CHORUS

Skunks, Stink bugs and other Nature things that send enemies running are designed with defenses different from so many Nature things. What a waste if evolution were real: NO REASON to develop so many ways to defend themselves. Except by a Creator Designer, God!

2

God called skunks good, even though they have strong perfume.
Possums play dead with stink too, squeezing out a green stinky goo.

3

Millipedes have 30 kinds of chemicals* that smell horrible, and burn skins.
Sea hare slugs ooze slimy ink that STOPS enemies from smelling it!

4

Vultures don't just eat dead stuff: When they're scared, they throw food up!
And that smell's so bad it stings eyes and faces of enemies.

5

Wolverines spray their food they've saved with a smell that scares others away.
One anteater's worse than skunks: Can be smelled from 55 yards.

TAG (TWICE)

Just look! The Earth shows a Creator, God! Romans One's end LOGIC!
Just look! The Earth shows a Creator, God! Romans One's end LOGIC!

Song Story.

Sadly, inspired by a little skunk whose body was along side a busy road. Their defense mechanisms knowing their SMELL chases away enemies is so effective, that skunks cannot figure out that moving cars are enemies to be avoided a different way.
