4/4 time (pu = 0)

dedicated to YHWH GOD, 10 June 2016

TEMPO: _____ BPM

Album: Amazing **Faith 'n' Freedom**

REF: 30-NIJ

AFTER VS 2: Jeremiah 17:5, 7: "Thus says the LORD: "Cursed *is* the man who trusts in man And makes flesh his strength, Whose heart departs from the LORD... Blessed *is* the man who trusts in the LORD, And whose hope is the LORD."

AFTER VS 4: Isaiah 43: 1-2 "Fear not, for I have redeemed you; I have called *you* by your name; You *are* Mine. **When you pass through the waters, I will be with you;** And through the rivers, they shall not overflow you. When you walk through the fire, you shall not be burned, Nor shall the flame scorch you."

SCRIPTURES – EVIDENCES that God is **NOT** PERVERSE:
--

AFTER vs 1: Psalm 145: 18-19 “The LORD is near to all who call upon Him, To all who call upon Him in truth. He will fulfill the desire of those who fear Him; He also will hear their cry and save them.”

Philippians 4:19, “God shall supply all your need according to His riches in glory by Christ Jesus.” – which echoes what **Jesus had already said** repeatedly, Matthew 6:26, 28a: “Look at the birds of the air, for they neither sow nor reap nor gather into barns; yet your heavenly Father feeds them. **Are you not of more value than they?... So why do you worry?**”

Song Story. The history of this song is a bit embarrassing:
 At the end of a vacation, I had mis-laid my blood pressure wrist monitor amid the packing... I searched & searched for almost 2 weeks, REALLY needing it... and of course prayed. But I wasn't upset... and I realized that if I didn't find it and had to buy a replacement, I'd get the more reliable cuff kind-- so maybe God was being perverse in not answering me because He KNEW the cuff monitor would be best for me?? Of course, I'd also deserve “no answer” because I'd been, honestly, careless. Anyway: I finally gave in & got the good monitor. **No Kidding: THAT AFTERNOON I found** the wrist one; it had fallen out of a cloth bag onto the van floor & been pushed under the seat... For my health, the cuff kind may prove quite important.... because later tests showed the wrist monitor over 10 points too low on both measurements.
