REF: 13-page J

Song Story "On Top": Song full of **ASTRONOMY HISTORY**: inspired by Research from "*The 4 Percent Universe: Dark Matter, Dark Energy, and the Race to Discover the Rest of Reality*" by Richard Panek; THIS SONG SOURCE: pg 10-. **Published only 20 DAYS** before I wrote the lyrics to related song, **FOUR PERCENT UNIVERSE SEE-ING** after I had rapidly read the book – twice! Fascinating Science book published 10 January 2011. PROBABILITY STATISTICS must be ignored to ignore the **SCIENTIFIC METHOD** of objective conclusion > These millions of Physics/ Nature things working together **CANNOT** be *accidents*, but DESIGN.

Hebrews 11. " 1 Faith is the confidence that what we hope for will actually happen; it gives us assurance about things we cannot see. 2 Through their faith, the people in days of old earned a good reputation. 3 By faith we understand that the entire universe was formed at God's command, that what we now see did not come from anything that can be seen... 6 Without faith it is impossible to please Him, for he who comes to God must believe that He is, & that **He is a rewarder** of those who **diligently seek Him.**"

Proverbs 25: 2 *New KJV*: "It is the glory of God to conceal a matter, But **the glory of kings is to search out a matter.**" Like a Treasure Hunt: *Creator God created much **FUN** for us to discover when seeking thru His Universe!*

VERSE 1

Scientist Vesto Slipher used spectrographs way back in 1912, to show Light's Speed will NEVER change. Instead, change is Light Wave Length. Spectrometers show color shifts to blue when a light wave moves toward you. Big RED shifts mean stars moving fast AWAY from you, to the Universe edge.

VERSE 2

Astronomer Edmund Hubble used telescopes in 1923 to photograph Great Andromeda Nebula. 100 inches of light-reflecting surface gave photos showing a Spiral design for this star that brightens... then dims. The variable star that's like a beacon used to measure distance across our Galaxy's worlds.

VERSE 3

Building on Hubble's work, Georges Lemaitre imagined our Galaxy might shrink to a new Big Bang
BUT Hermann Bondi, Thomas Gold, & Fred Hoyle in 1948 showed the opposite true: Slipher's light color shifts in RED showed worlds are quickly moving farther AWAY from you! The opposite of Big Bang -- a Stead State Universe, declare these three Astronomers.

BRIDGE after each verse (unique for this 3rd song in WORLDS series)

Why do you Care? God's worlds keep growing
as Knowledge grows of God's Universe.
Daniel 12: 4, God prophesied to us:
In the End Times, we will see incredible Knowledge!

CHORUS

God gives us the FUN of seeking TREASURE through His Universe.
He rewards Greatly all who diligently seek complete TRUTH.....
objectively seek complete TRUTH.
Hebrews 11, God promised YOU REWARDS seeking Science and Truth.
God designed Great TREASURE hunts! Proverbs 25: 2, Seekers have FUN!
Proverbs 25: 2, Seekers have FUN!

FINAL READING: **Romans 1: 20-23.**

20 For ever since the world was created, people have seen the earth & sky. Through everything God made, they can clearly see his invisible qualities—His eternal power and divine nature. So **they have no excuse for not knowing God.**

21 Yes, they knew God, but they wouldn't worship him as God or even give him thanks. And they began to think up foolish ideas of what God was like. As a result, their minds became dark and confused. 22 Claiming to be wise, they instead became utter fools.

23 And instead of worshiping the glorious, ever-living God, they worshiped idols made to look like mere people & birds & animals & reptiles. (NLT)

Song Story.

When I was in high school, the SCIENTIFIC METHOD was still being hammered home in Physics and Chemistry labs. Its MAIN PREMISE: **You must NOT pre-decide** what you expect the experiment to show, or **that will CONTAMINATE** your conclusion....

YET:

We constantly see people **PRE-DECIDE as they look at nature,**
that "God does not exist"

and thus **"explain away" all the MANY evidences of Designs BEYOND Probability Statistics** of accidentally all coming together to create this ONE **"SYSTEM"** (as scientists call sets that depend on each other)..... & multiply that ONE system by the millions on our earth as well as in our Universe--- worlds beyond even what we see.
