*Evolution: Still a Theory in Crisis Paperback* – January 6, 2016 ... AMAZON Seller description:  
More than 30 years after his landmark “Evolution: A Theory in Crisis” (1985), biologist Michael Denton revisits his earlier thesis about the inability of Darwinian evolution to explain the history of life. His argument: There remains much evidence for “rejecting Darwinian cumulative selection as the major driving force of evolution” and lack of support for “the series of adaptive transitional forms predicted by Darwin.” In the 2016 sequel, Denton gives BIOLOGY's pervasive evidence of NON-adaptive order throughout biology, order that cannot be explained by the Darwin's theory... The SURVIVAL OF SHARKS that go catatonic when simply turned upside down is one such evidence: **God Named Yahweh** (Exodus 3:14) **designed UNIQUE features that are NOT just chance... They're the fun Creations of an ARTIST.**

“Only **fools** say in their hearts, *'There is no God'*. – *Psalm 53*. .... “For since the **creation** of the world, His invisible attributes are clearly seen, being understood by the things that are **made**, even His eternal power and Godhead, so that **they are without excuse...**”  
– Roman 1:20 NKJV, continuing Psalm 53's TRUTH

**SPOKEN:** The Science in this song is true: Sharks really do PASS OUT for a few minutes if a diver turns one upside down– because of some Balance mechanism in their brains.

### CHORUS (1)

God the ARTIST has designed this whole World as an “Advertisement”:  
THERE IS a God Who has MADE you and ALL... There's  
far too much Variety to be mere CHANCE. And  
God through Nature often designs Humor! It

**takes lotsa FAITH to believe “All came by chance.”**

See the LOGIC: Once a design works, there's NO NEED for it to evolve more!  
You cannot “end” God by NOT **believe**-ing!  
So much Variety is MORE than CHANCE. And  
shows there IS a God who Loves Creating! It

**takes lotsa FAITH to believe “All came by chance.”**

### VERSE 1

Tell us why all sharks didn't die: Evolution predicted this, for  
when sharks get flipped upside down, sharks go limp: Catatonic.  
Surely over the centuries when sharks battled with enemies,  
in the fight, they surely got flipped. So why weren't they all killed while helpless ???

### TAG

NO: This is not proof that God exists.... You must choose whether you will objectively LOOK at all the evidence. God gives free will to choose if you will have faith in God.... If not you STILL have faith – BUT in: What **Evidence DENIES.**

### REPEAT CHORUS (2)

### VERSE 2

Shark design gives an example of Evolution Prediction failing. For Sharks still live, despite centuries with catatonic tendencies. Sharks have never changed to evolve OUT of this weird design by Intelligence. We must look at all the evidence, that catatonic sharks are NOT “defective”!

### TAG

NO: This is not proof that God exists.... You must choose whether you will objectively LOOK at all the evidence. God gives free will to choose if you will have faith in God.... If not you STILL have faith – BUT in: What **Evidence DENIES.**

### REPEAT CHORUS (3)

=====

**Psalm 33: 4-9.** By the word of the LORD the heavens were made, And all the host of them by the breath of His mouth. 7 He gathers the waters of the sea together as a heap; He lays up the deep in storehouses. 8 Let all the earth fear the LORD; Let all the inhabitants of the world stand in awe of Him. 9 For He spoke, and it was done; He commanded, and it stood fast.

**Song Story:** Written because I laughed so much when I saw the documentary: This is TRUE science! God has SUCH a great sense of humor! Which makes sense: He made us in His image, and WE laugh! NOTE: I'm convinced **it was GOD who helped me “accidentally” find Denton's book the \*\*VERY\*\* day this music sheet was to be published** on DianaDeeOsborneSongs website... No way THAT was “chance”, either!

“...This overwhelming commitment to evolutionism is *not* because of the scientific evidence, but rather because of antipathy to Biblical Christianity. **Even Charles Darwin became an evolutionist and agnostic because of his rejection of the Biblical doctrine of divine punishment.**” – <<NOT Lack of Evidence of a Creator- DdO>> The Bible and/or Biology, by Henry M. Morris, Ph.D., quoting Charles Darwin, *Autobiography*, reprinted in *The Voyage of Charles Darwin*, edited by Christopher Rawlings (BBC, 1978).
