## MUSIC SHEET

www.DianaDeeOsborneSongs.com CCLI pending.

4/4 time (pu = 0)

dedicated to the Father of ALL Human Cells, 14 Nov 2012

TEMPO: 110 BPM

Album: Amazing Savior 'n' Science

“Only **fools** say in their hearts, ‘*There is no God.*’ God looks down from heaven on the entire human race; he looks to see if anyone is truly wise, if anyone seeks God.”

-- Psalm 53: 1a and 2, New Living Translation .... a Warning from God to you, too.

**NOTE:** MANY conflicting chords were written into this song to reflect the words; you have permission to change chords to those you are more comfortable with.

*melody* vD           D E E vC B

C-9 **Dm** Earth.  
*melody* vD                                        

## Song Story.

I was extremely angry as I wrote these two verses into my journal -- about 5 minutes. And as I created all of the main music tracks within a couple of hours with God's Creative empowering. I had just learned that a Christ-following American company was being threatened with being forced to pay for employees to abort human lives in the future. WHEN the same **employees could easily obtain** Planned Parenthood type services for the same low cost without denying their employer the right to their religious convictions.

As I prepared the music tracks only 3 weeks later, government officials were organizing plans to force every company to choose between closing or not being able to help any employees with full time hours or ANY benefits, to avoid choosing to kill unborn babies. As I talked with prayer partners about what we could do

-- prayers with feet & hands and not just words---

I remembered a poster that my friend Sarah had posted on her FACEBOOK. It asked a very logical question:

**“Why would a Bacteria be considered life on Mars...  
and a heartbeat NOT considered life on earth?”**

*(TheFullTimeGirl.com by LifeCanada).*

## Wikipedia's description of a single cell bacterium:

“Bacteria, despite their simplicity, contain a well-developed cell structure which is responsible for many of their unique biological properties.”

[http://en.wikipedia.org/wiki/Bacterial\\_cell\\_structure](http://en.wikipedia.org/wiki/Bacterial_cell_structure)

**So why are many multiple TYPES of cells in a “fetus” -- unborn baby --**

**NOT called Life?** YES! We *must* have COMPASSION for & to help women who need

to find homes for coming babies. BUT **Science canNOT ignore**

**logic that's *inconvenient* -- even to show compassion.**

Next logical question: **What does God want YOU to do** about it?

*James 1 verse 5, from God to you.*
