## CHORUS

The heavens declare the Glory of God. Fools utter nonsense.  
Psalm 94 warns: God shall arise and BREAK DOWN all who give God insolence.  
Understand, you who are so senseless: **New discoveries of science**  
**were ALWAYS real before they were seen – AS IS GOD**, who will throw  
**FOOLS FALLING.**

1

You with the **EARS** that Creator God made:  
**HEAR** God's loving warnings – “Don't stay fools!”  
Open your ears: God won't stay unseen. Listen, before you're a **FOOL FALLING.**  
Psalm 94: God warns, in Love. > Verse 2

2

You with the **EYES** that Creator God made:  
**SEE** God's loving warnings – “Don't stay fools!”  
Open your eyes: God won't stay unseen. Seek God, before you're a **FOOL FALLING.**  
Psalm 94: God warns, in Love. > Bridge

3

Not just people, but entire nations shall  
fall if their leaders **CHOOSE** to stay **FOOL s!**  
Do Not rebel: Don't sin as Nations! Seek God, before you're a **FOOL FALLING.**  
Psalm 94: Ask God for Wisdom. >Bridge, Chorus

## BRIDGE

If your foot slips and you sorrow at this, you need not fear, for God will comfort you.  
He raises all people who honor Him. Psalm 94: God raises His people.  
God raises up ALL who obey His Word. Those who mock should fear:  
God promised Judgment. He **THROWS DOWN** fools who mock and ignore Him.  
Psalm 94: God throws down all **FOOLS.**

**SONG STORY.** Any song that switches back and forth from 3/4 to 4/4 is yet another evidence that it's a SONG IDEA FROM GOD, because signature changes are not a natural skill for me - and I've had difficulty improving. One of my jokes as a musician is that I wrote few songs that need guitar to have F chords, because these hurt my hands... BUT God gives power to do the ideas He gives... and this song “just fell” into orchestra music, added in minutes, and 4/4 time in the middle of the waltz verses.... GOD's ideas.
