LONG interlude between verses is for Scriptures. Music = the above chord progression.

Song Story, THE LYRICS.

Often I have a “plotted” music outline in my journal that I just type into the computer music sheet like this, but change the words slightly to match the timing or “feel” of the music I compose in my home studio. And sometimes I write a new verse “as I type” the music sheet.

That's what happened with this song's verse 3... I just typed as I thought of words, and when I was finished, I looked at lines **2k** through **2n** and spoke a silent, awed “WOW!” prayer-of-sorts to LORD God. **His Words.**

Song Story, THE MUSIC. FROM A PROFESSIONAL MUSICIAN'S STANDPOINT

The 3 parts of this song have VERY different tones and **don't belong together.** YET... like our God-in-Three Who reaches out to us in so many ways... somehow the parts fit. The “Somehow” being, I know WITHOUT any doubt, being the “**God - is - How.**”
