Album: Amazing Lord 'n' Logic

SPOKEN AT BEGINNING: Very Intelligent people have studied writing styles of the Bible and declared that part of the scriptures were added later, are untrue. Whatever thoughts come into your head on this topic, always return to this **logic** and **logical question**:

Is the Almighty God, the Creator of the entire universe, UNABLE to keep humans He created from putting mistakes into His written Word, His Bible??? That's just not logical for anyone who knows God is real. You've been warned-- Satan the Liar will try to trick you just like he did to Adam and Eve... who were ALSO real people according to God.

READINGS during music of "Verse 3" 2nd Timothy 4, verse 3, New Living Translation: "A time is coming when people will no longer listen to sound and wholesome teaching. They will follow their own desires and will look for teachers who will tell them whatever their itching ears want to hear."
